

Hot Weather Tips for your Pets

- ☀ **ALWAYS** make sure your pet has plenty of water!
- ☀ **NEVER** leave your pet in the car on a hot day. Even with windows open, a car interior can heat up to over 100 degrees within minutes!
- ☀ **ONLY** exercise and walk your pet in the cool of the morning or evening.
- ☀ **DO NOT** leave your animal outside without plenty of shade or a properly constructed shelter.
- ☀ **REMEMBER**, rabbits and other small animals need protection from hot weather. Provide them with a cool area (indoors or outdoors) and a frozen water bottle to cuddle up with and keep them cool.
