NEW FACILITY LOCATION: 1630 Victory Rd., Tustin, CA

Hosted by Orange County Animal Care ♥ Vet Services provided by H. E. A. R. T.

- Prior Rabies Certificate is required for a 3-year Rabies vaccine; otherwise vaccine will be good for 1 year
- Bring other vaccine records if possible
- Only healthy pets can be vaccinated
- Licensing is offered during our clinics for your convenience
- Advise our staff upon your arrival if you have a CAT with you
- Flea & Tick Control available (price depends on pet's weight)
- Anal gland expression (\$5)
- Prices below are "CASH" prices
- NO checks are accepted
- \$3 per pet charged for non-cash transactions (Debit/Credit Cards)
- \$2 Hazardous Materials Disposal Fee will be charged per pet
- Although unlikely, prices are subject to change (prices posted on our website are always correct)
- Low-Cost Dental Cleanings, Extractions & other Services by appointment only at our wellness clinics at other locations (Contact us for details)

We can NOT vaccinate a pet which:

- ✓ Has ever had an adverse reaction to a vaccine
- ✓ Has shown any sign of illness in the past two weeks
- ✓ Is nursing puppies or kittens
- ✓ Might be pregnant

Notify our staff upon arrival if your pet is on medication, is undergoing any medical treatment, or may possibly have any medical/health condition. Keep a safe distance between your pet and other pets & people.

Dogs must be on leashes & cats must be in carriers (no cardboard carriers allowed).

MICROCHIPS for DOGS & CATS \$30

(Includes Microchip Registration & 24/7 Lost & Found Pet Recovery Assistance)

ROUNDWORM DE-WORMING \$13 per dose

FELV (Non-Adjuvant) (Feline Leukemia) (8 wks & over) **\$22**

♥ Pets should always receive an initial series of vaccinations, then boosters in one year. Thereafter, annual vaccinations or vaccinations every three years are recommended, depending on the type of vaccine and on the pet's environment. Ideally, pets should receive one of their sets of initial vaccines between 14 to 16 weeks of age to achieve the best immunity against disease. During your pet's initial vaccine series, do not wait longer than 6 weeks apart to have your pet vaccinated and do not vaccinate less than 2 weeks apart. ♥ All pets adopted from shelters or elsewhere when the pet's vaccine history is unknown should receive the appropriate vaccine booster(s) 1 month after adoption. ♥
