

OC Animal Care

Celebrate Pet Safety this 4th of July!

Fireworks are loud and scary! Bring your pets indoors and provide them with a safe space.

1. Designate a quiet room or crate for your pet.

2. Keep doors and windows shut, and keep curtains closed.

3. Place a sign on the door so no one enters the room.

4. Play calming music in the background or have the T.V. playing to distract from the loud noise.

5. Give your pet their favorite chew toy, such as a Kong stuffed with treats, to keep them busy.
