

Pet of the Week: Amelia!

Say hello to our beautiful Pet of the Week, Amelia! Amelia is a 4-year-old German Shepherd who arrived as a stray at OC Animal Care when a good Samaritan found her wandering around alone. Upon arrival, our Veterinary Staff noticed that Amelia had a skin condition called dermatitis and that her skin was probably very uncomfortable. The Vet Staff began treatment right away, and Amelia absolutely loved the extra attention she was getting from everyone! This sweet girl doesn't let her itchy skin stop her from loving life and enjoying everything she does! Amelia gets along with everyone and anyone she meets and, though she has never lived with other dogs, she has shown no negative behaviors towards any doggie friends of hers! While there are parts of Amelia's skin that won't grow fur moving forward, her skin is healing and looking so much better! Amelia is such a happy girl and just wants to be around people all day long. She is going to make such a loving companion to anyone who is lucky enough to adopt her!

Interested in meeting this sweet girl? Call (714) 935-6848 to schedule an adoption appointment today!
