

# PET OF THE WEEK

## GOLDIE

ANIMAL ID#: A189544

Goldie may be shy now, but in the right environment, her loving personality will start to bloom like a flower in spring! This beautiful 2-year-old German Shepherd is still learning that the world is a safe space, and she's looking for a calm and patient family to help her build her confidence, one loving step a time.

Once Goldie warms up, her darling personality starts to shine! She's potty trained, a great walking buddy, and loves receiving pets. She enjoys roaming and playing around the yard, and she's been great at meeting new people!

With some patience and lots of love, Goldie (A1895441) is sure to become a wonderful companion. Give her a chance and foster-to-adopt her from OC Animal Care today!
