

# PET OF THE WEEK

## WHIMSY

ANIMAL ID#: A1950703

The princess has arrived... meet Whimsy! Whimsy is a 6-month-old German Shepherd who was found as a stray in Anaheim. Don't let her shyness fool you, this little pup is soft and sweet! Whimsy is still learning the world around her, so she likes slow introductions and a little patience at first... but once you're in, you're in for life!

She loves to run around and get her zoomies out, but will always come back to check in and soak up some attention. Whimsy is the perfect mix of playful and affectionate! She is looking to find her forever family.

Whimsy (A1950703) would do best in a calm, adult-only home that can give her the patience and love she needs to open up at her own pace. If you're ready to watch her grow into your new best friend, come foster-to-adopt Whimsy from OC Animal Care today!
