

# PET OF THE WEEK

## ROVER

ANIMAL ID#: A1919644

Rover is a five-year-old, one of a kind German Shepherd who loves seeking attention and affection, knows commands, and is potty trained.

Rover benefits from slow introductions and can form positive relationships with other large dogs. He recently became besties with another shelter dog, Goldie, and together, they became two peas in a pod! Rover's ideal day includes giving affection along with romping around with a furry buddy.

If Rover (A1919644) sounds like your perfect match, foster-to-adopt or adopt him, along with Goldie, or any of his friends at OC Animal Care!
