

PET OF THE WEEK

SHEENA

ANIMAL ID#: A1947227

This sweet 5-year-old Husky is all about love, affection, and a good time! She's always ready for belly rubs, cuddles, and plenty of attention. Sheena knows "sit" and "paw," and when she's not making a splash, she loves playing fetch and showing off her zoomies.

Sheena would thrive in a home with older or no children, and no cats. She does best when given space with her valued items and would benefit from a patient adopter who can continue supporting her build positive habits. Could you be the one to give this loving girl the forever home she's been waiting for? Adopt or foster-to-adopt Sheena (A1947227) from OC Animal Care today!
